Sir,

In connection with the recent Local Government directed to point out that the Ministers who are the Presidents of the several Taluk Municipal Councils situated within the Civil Area are honorary officers and they cannot therefore give that amount of attention which the Municipal affairs of each locality demand. In order that the orders may progress on satisfactory lines, Government consider it highly desirable that the functions to be delegated under section 28 of the Municipal Regulation to the Vice Presidents of those Councils who are locally elected or nominated non-officials should be clearly defined. I am accordingly requested you to be so good as to instruct the Presidents of these Municipal Councils in your District to take early action in this ~~direction~~ direction

2. A report of the action in the matter should be submitted to Government before the end of December 1910.
